## Chapter 16 To 20

### Chapter 16

Di Hao Tian's voice seemed to come from hell itself.

"I-I didn't know she was your woman, Young Master Di, please forgive me? I won't dare to do it again. "

Di Hao Tian was not merciful because of the other party's begging.

The sharp blade light on He Jue's hand flashed, the tendons in the hands and legs of the two men were cut, and blood splashed in all directions.

Tang Bao stood there and was shocked by Di Hao Tian's ruthlessness. I heard that it's one thing, but what I really see is another.

These two men were like cripples in this life.

Tang Bao looked at Di Hao Tian's face which was half-buried in the darkness. Suddenly, she turned around with a cold aura, causing all the blood in her body to freeze.

Tang Bao still did not understand Di Hao Tian well, all she knew was that Di Hao Tian had forced him to get married. Would he do something to her in a fit of rage?

Therefore, as Di Hao Tian approached step by step, Tang Bao crossed her arms in front of her chest and retreated continuously, "Let me state this first, that what happened earlier was not my fault."

Di Hao Tian immediately pressed her down against the hard wall. He was so

tall that he had to suppress his upper body.

"Am I giving you too much freedom?"

"Absolutely not!" Tang Bao straightened her back, forming a horizontal line with the wall.

"That is, I have done too little to allow you to provoke a man." After Di Hao Tian finished speaking, he pulled Tang Bao's arm.

He opened the door to the resting room. Inside, a man and woman were embracing each other and kissing passionately. They were shocked by the brutality of the collision. Tang Bao lowered his head in embarrassment.

What did Di Hao Tian want to do?

"Get out!" Di Hao Tian looked down on everyone and said coldly.

How could those two dare to provoke Di Hao Tian? They quickly ran.

Tang Bao did not know what to do, but when she saw Di Hao Tian slamming the door shut, she felt that the situation was grave. Both of her hands were about to reach for the door, when Di Hao Tian pulled him to the innermost chair and sat him down.

Then, Di Hao Tian's shadow came over and covered the light above.

"What did that man do to you?" Di Hao Tian asked deeply.

Tang Bao tried her best to cover the panic on her face. "No matter what I do, I still didn't succeed."

"Are you disappointed?"

"Of course not!" Tang Bao immediately retorted.

Was she that kind of person? Didn't you see her smash someone with a brick?

It was just that he did not faint.

"Don't be disappointed, I have the obligation to let you know what it feels like."

"Wh-what?" Di Hao Tian, don't act recklessly! " Tang Bao was still shouting, but in the next second, the buttons on her sling was undone.

They didn't even manage to see how Di Hao Tian's big hands had swung over before they had both untied.

Tang Bao panicked. She used both hands to push Di Hao Tian away, but how could she think of Di Hao Tian with her strength? It was as if a drop of water had dropped into a vast ocean, completely useless.

Both of Tang Bao's wrists were grabbed by one of Di Hao Tian's hands. The strength used was so strong that it shocked Tang Bao and made him even more terrified.

"Di Hao Tian, you said you would give me three months!"

Tang Bao screamed in panic. She was so scared that her eyes started to gush with watery mist.

Don't eat her up here!

Di Hao Tian hesitated for a moment before his black pupils slightly contracted, revealing a dim luster. Then, he released Tang Bao's hand.

Tang Bao heaved a sigh of relief, thinking, luckily she did not forget what he said.

However. Unprepared, the strap was torn off, and the white T-shirt inside was lifted, flipped over, and buckled back against the back of the chair.

## Chapter 17

Tang Bao's head had been released, but her hands were still in her sleeves.

In this way, he would be trapped inside the T-shirt.

The T-shirt had become the best weapon to tie her up.

Before the situation had changed, the man's fiery gaze immediately made Tang Bao feel danger.

Tang Bao looked at Di Hao Tian in shock and anger, her heart tensed up.

**Di Hao Tian's black eyes narrowed dangerously as he stared at Tang Bao.**

**So beautiful.**

**Tang Bao was so embarrassed that she wanted to faint. What was she**

trying to do!?

He struggled in panic, "Hey, what are you doing? Let go! "

Di Hao Tian held onto her lower jaw which was moving randomly, his black eyes secretly surging: "I can give you freedom, but, don't overestimate my patience."

"You ... "You said it's been three months, but it's only been a few days. You can't go back on your word ..." Tang Bao's face flushed red.

He didn't know if he was scared, or if this man was too close to him, or if something terrible was going to happen next ...

"No ..." "No way!" Tang Bao screamed in fear.

She couldn't imagine herself being touched by Di Hao Tian like he did while she was being tied up here.

Even if she didn't have any substantive relationship with Di Hao Tian, that scene was too...

"So excited?"

"AHH ...." If you let me go, I won't dare to do it again! " Tang Bao's eyes were filled with tears, about to fall at any moment.

"I want you to know what happens when a child disobeys." Di Hao Tian's voice was coarse.

The bodyguards outside stood in two straight lines. They were extremely powerful, and those who went to the washroom took a detour.

Very quickly, Tang Bao's teary, yet unbearable voice came from inside ...

After around twenty minutes, Tang Bao who was dressed neatly came

out from the resting room. She walked towards the hall step by step with her back hunched and her hand on her chest, as if she was in pain.

Wan Mi Lai walked up and asked: "What's wrong with you? Does my heart hurt? "

"What's the matter with you?"

Before he could even receive a response, he saw Di Hao Tian, who was standing behind him, walk out.

Wan Mi Lai could not help but take a few steps back due to the strong aura. Then, Tang Bao was carried away.

The next day, when Tang Bao went to school to attend lessons, she laid on the table by herself and chewed on the ruby on the ring. She used to bite her finger when she was thinking about things in the past, but now that she was wearing a ring on her finger, she could only bite the ring.

Even now, after an entire night, there was still a trace of discomfort, as if the control of her strength was still there. The scorching heat was almost enough to burn her.

For three months, she felt as though she had been stuck in purgatory for three days.

"How were you last night?" Wan Mi Lai sat on the stool and asked with concern. I'm sorry, I didn't know your home tutor was so strict, or else I definitely wouldn't have called you. "

"Did you come here on purpose to laugh at me?" Tang Bao asked weakly.

He didn't look like he was feeling guilty at all. He looked more like he was taking pleasure at someone's misfortune.

"No, I'm your best friend, how could I laugh at you? Why are you

clutching your chest again? " Wan Mi Lai asked, looking at Tang Bao's movements.

## Chapter 18

"My chest is stuffy."

"Is it too much of a tightness in the chest? "It seems like I will never be able to experience this in my lifetime." Wan Mi Lai said regretfully.

"..."

With the phone on his body ringing, Tang Bao took it out to take a look, and his originally gloomy mood sunk a bit.

Seeing that Tang Bao was staring at the phone and not answering, Wan Mi Lai took a closer look and saw the word 'father'.

"You're not answering?"

Tang Bao really wanted to press it.

Then he answered only when the bell was about to ring.

"The day after tomorrow is the anniversary of my marriage to your Aunt Zhou. You must attend."

There was a ball of fire in Tang Bao's heart, but she managed to suppress it, and said: "Understood."

After hanging up, he threw his phone onto the table.

"Why is it so calm? It's rare that you and your father didn't get into an argument. I told you, how can father and daughter have enmity overnight? If you hate the mother and daughter, then treat them as air. Your father will

always be your father. "

"You agreed?"

"Why not? I don't know what the mother and daughter are thinking. I'm waiting for my dad to do something and rob the company. It's not that I don't want it, it's that no one of mine can take it away. Therefore, the so-called wedding anniversary, I have no choice but to express. "

Wan Mi Lai looked at them with anticipation: "I feel like they are really unlucky."

How could Tang Bao be willing to attend Tang Qi Shan's wedding anniversary? Did he call her just to make her uncomfortable? Dad's wedding anniversary, but not with Mom.

Tang Bao was well aware that it was the mother and daughter duo's idea. They were all the kind of people who liked to talk big and talk big.

At their place, Tang Bao did not know how many times he had suffered.

The banquet was held at night.

Therefore, Tang Bao needed to ask for a leave of absence from Di Hao Tian. It was approved.

The banquet had already begun a long time ago. Tang Bao had just arrived. Inviting the members of the business world at the banquet, it could be considered a gem of jewels. It also fit Zhou Xiang Ting's tastes.

However, Tang Bao was dressed in a cheongsam, the cut lines made the dress outline clearly, and within all the gowns on the stage, it was abnormal. However, when Zhou Xiang Ting saw Tang Bao's cheongsam, the smile on

her face from chatting with the guests disappeared instantly.

Tang Ru Yi, who was standing beside her, saw Tang Bao's outfit and asked in confusion, "Mom, what does she mean by this? What are you wearing? Are you here on purpose to be humble? "

"What do you know?" She was wearing a qipao that her mother and father had worn when they were married. "It's not that she's unpresentable, she's here to cause trouble." Zhou Xiang Ting said with a fake smile.

"Let me teach her a lesson." Tang Ru Yi said as he walked forward.

Zhou Xiang Ting did not stop her. In any case, the reason that Tang Qi Shan said he would not take down the esteemed guest was because she wanted to teach his daughter a lesson.

Tang Bao was looking for him everywhere.

Isn't it the wedding anniversary? Why was there only Zhou Xiang Ting and her daughter here?

Just as he was about to ask someone, he saw Tang Ru Yi rushing over with ill intent.

"Are you wearing a cheongsam on your parents' wedding anniversary? Now get lost! " Tang Ru Yi commanded.

"What?" You want me to get lost? See who's the outsider. Furthermore, I am only wearing a qipao, why would you have such a huge reaction? " Tang Bao asked innocently.

"Don't think that I don't know. Your qipao is yours!"

## Chapter 19

"What's wrong, can't I wear my mother's clothes? I thought my mother's clothes were nice. "

"No matter how beautiful she looks, she's dead."

Tang Bao's face turned ugly, her hands clenched into fists, her nails staring at the pain.

"What, unhappy?" I'm telling you, not only is your mother dead, your family is also not in your place. I think it would be best if you don't go back to the Tang Family, in case father gets angry again. " Tang Ru Yi only wanted to be the only young miss of the Tang Family.

Tang Bao had disappeared for the best, but no one could chase him away.

Tang Bao had seen Tang Ru Yi's shameless abilities before, but he still gave her a whole new level of respect every single time.

"Also, can you return the ring to me now?"

"What ring?"

"The pink ring on your hand." Tang Ru Yi's final goal was obviously not the qipao on Tang Bao's body. It was the storage ring on Tang Bao's finger.

She liked it at first glance.

Afterwards, he also tried to look for jewelry stores, but he couldn't find any colored jewelry. Even if one were to see a blue diamond, not to mention the price, it was still not that transparent. It was simply inferior to Tang Bao's pink ring.

"When did my ring become yours?" Tang Bao laughed.

Tang Ru Yi was disappointed and his voice grew louder, purposely saying it for the others to hear. His voice was especially wronged, "I know you have always disliked me, but I really want to be your sister. Whatever you want, I'll give it to you. But can you return the ring to me? " After he finished speaking, he began to cry.

As Tang Bao watched, she felt that if she did not become an actor, it would be really a waste of her time.

Very quickly, Tang Ru Yi's wronged crying attracted the attention of others. There were similarly aged people, males and females. They had all seen the beautiful pink ring on Tang Bao's finger, but they had never seen such a beautiful pink diamond either.

She stood next to Tang Ru Yi and said: "Ru Yi is already crying, why don't you give the ring to her?"

"Exactly. "It seems like this ring is very important to Ru Yi. Otherwise, she wouldn't be crying so miserably.

Tang Ru Yi saw the situation and said, "Yes. Because it's very important, that's why I want to come back. Today is my parents' wedding anniversary, I don't want to do this either.

"Don't say that everything is yours. If it isn't yours, it will never become yours." Tang Bao really didn't want to argue with someone like Tang Ru Yi.

But what about the other guests? It was as if she, Tang Bao, was the one who took other people's things.

Tang Bao looked at Zhou Xiang Ting. Zhou Xiang Ting turned his face away, pretending he did not see what was happening.

And in Tang Ru Yi's teary eyes, she was pretending to be proud, not sad. In order to achieve his goal, he did not hesitate to use any means at all. He was not afraid of making a fool of himself at all.

While this place was bustling with noise and excitement, the surroundings suddenly quieted down.

There was only the commotion at the door behind him. It seemed like some big shot had come.

Tang Bao frowned, she turned and saw her holding Tang Qi Shan. Who knew if Tang Qi Shan was displeased to see her or to see what happened at the scene. In any case, his expression was not too good, as if she was the cause of this place.

Tang Bao was unhappy, but when she saw the other man who stood tall and straight, she was stunned.

Why is Di Hao Tian here?

She said not to let the family know about their marriage? Why did he brazenly appear on this sensitive wedding anniversary?

There was no one who didn't know Di Hao Tian, his identity was noble and unattainable, the aura exuding from his body was imposing and inviolable.

## Chapter 20

A single word could easily annihilate all of the third rate rich and powerful people present. Di Hao Tian was that kind of person. If he was standing, you could not sit; if he was sitting, you could not sit on equal footing with him.

Therefore, his appearance caused everything else to lose color.

Caution.

However, if he could attract Di Hao Tian, the situation before him was perfect.

Thus, Tang Ru Yi went ahead and sued first, grabbing Tang Qi Shan's hand as if they were speaking to a child, and wailed: "Father, you have to avenge me."

Tang Qi Shan glanced at Tang Bao, and retracted her gaze, asking Tang Ru Yi softly: "What are you doing?"

"Tang Bao took my pink diamond. She knocked me out last time for my pink diamond. This time when I asked her for it, she wouldn't give it to me, and she wore it openly on her hand. " Tang Ru Yi sobbed softly and said while wiping away her tears.

"Where did you get this pink diamond?" Tang Qi Shan asked Tang Ru Yi.

"I ..." Tang Ru Yi had yet to say anything, but Zhou Xiang Ting, who had been watching the fire from the other side of the river, walked over.

"It's like this. A while ago, I was shopping outside and happened to see this ring in a certain jewelry store. I thought it was pretty nice, so I bought it. It was originally not worth much money, so she gave it to Tang Ru Yi to play with. Forget it, it's Ruyi, it's just a ring. Today is the wedding anniversary of mom and dad, don't bother about it. Next time Mom will buy one for you. "

"No way, no way. Mom's gifts are of great significance to me. How can I give them to someone else so casually?" Tang Ru Yi continued to cry. Then,

he said to Tang Bao in a sensible manner, "What do you like, I'll sell you something else, okay?"

Tang Bao did not speak.

Ever since Di Hao Tian had appeared, he was gloating in his heart.

Because Di Hao Tian ordered her not to take the ring off.

The more Zhou Xiang Ting and her daughter talked, the more it was impossible to resolve the matter.

Tang Qi Shan also felt that this was not a big deal. With an important guest here, he said, "This is a small matter, let's talk about it later. Young Master Di, this way, please. "

Di Hao Tian did not move as a deep cold glint flashed across his eyes and he said: "Although this is a family matter of the Tang Family, it is still better to open things up."

Tang Bao looked over, Di Hao Tian's expression was deep and unfathomable, his black eyes carried a faint sharpness.

Forget about Tang Qi Shan, everyone present was surprised.

Di Hao Tian who could cover the sky with one hand seemed to be interested in Tang Family's family affairs?

Tang Qi Shan looked at Tang Bao: "If it's as you wish, give it to her. If you like rings, I will give you money to buy them."

Should Tang Bao be moved? You think that the ring is Tang Ru Yi's without

even asking?

Tang Bao's expression did not look good. She looked at Tang Qi Shan with a cold gaze and stubbornly refused to speak.

But Tang Qi Shan only wanted to quickly resolve the awkward situation in front of her, and did not take into account Tang Bao's feelings, and instead felt that she was ignorant.

In Tang Bao's heart, she had never been sensible in the eyes of her father.

"Is this how Master Tang handles household chores?" In the stalemate, Di Hao Tian suddenly opened his mouth and spoke in a low voice that streaked across the air, as if it had cut open another person's heart.

Under the gazes of everyone present, Tang Bao's hand was held up by Di Hao Tian, and that position made it seem as if she was about to kiss Tang Bao's finger.

Tang Bao's face was completely red.

It looked like the Tang Family did not know the relationship between him and Di Hao Tian, but why was Di Hao Tian doing this?
